We Provide Different Types of Cards, Depending on Their Features

Network	Visa	Mastercard
Type	Prepaid Debit	Prepaid Debit
Fees (Comission will be added to each card denomination)		
Fee	Please ask your manager	Please ask your manager
Cards Denomination and Limits		
Card denomination is available for any amount from $10-$999 per card		
Per user (per email) there will be a limit of $9,500, for a 24 hour rolling window.		
According to the regulatory rules, a single user will need to report to local legal authorities if the user purchases gift cards in amounts totalling to $10,000 or above. We have set a limit to $9,500 to avoid this reporting for the end user.		

Where to Use Foxycard VCCs

Foxycard's prepaid virtual cards are versatile and reliable payment tools that provide a high level of anonymity and security for online transactions worldwide.

These cards typically do not require registration or they can be registered with any name and any billing address.

In this article, we highlight web platforms where our cards have been tested by both the Foxycard team and our customers, showcasing either their effectiveness or limitations.

Since different banks issue the cards, their functionality and restrictions may vary.

We cannot guarantee that the cards will work as described on all listed websites. Issues may arise for various reasons unrelated to the card itself, such as changes in platform terms of use, account verification status, discrepancies between the account registration country and IP address location, or other factors that may flag your activity as suspicious.

It is important to note that Foxycard prepaid cards are non-reloadable and do not support recurring payments, such as subscriptions.

We greatly appreciate your feedback and encourage you to share your experiences using Foxycard VCCs on online platforms and websites. Your participation is highly valued.

We have tried to include as many online resources as possible. For further questions, please refer to our FAQs section. If you encounter a service not listed here, feel free to contact our Support Team. If we have relevant information about it, we will do our best to assist you.

Frequently Asked Questions

What is a Foxycard Virtual Card?

Foxycard virtual prepaid cards are Visa or Mastercard cards issued by banks in the United States. They function like regular debit cards but do not offer reload options or include the cardholder's personal information, making them a truly anonymous payment method.

Foxycard can be seamlessly connected to apple pay/google wallet

All Foxycard cards are virtual, meaning you receive your card details digitally without a physical card. As a result, they cannot be used in traditional offline stores or ATMs. These cards are designed exclusively for online transactions, registrations, or verification purposes.

Where can I use Foxycard virtual prepaid cards?

Foxycard virtual prepaid cards work like any other Visa or Mastercard prepaid cards and can be used on any website or online merchant that accepts prepaid credit card payments.

This includes a wide range of online shops and services such as PayPal, AlertPay, CCBill, iBill, eBay, eFax, iTunes US, McAfee, Moneybookers US, Norton AntiVirus, Google Checkout, Facebook, Yahoo, Skype, GoDaddy, and many more.

From which countries can I purchase Foxycard cards?

You can purchase Foxycard cards from anywhere in the world. Once your payment transaction is successful, you receive your cards online, regardless of your location.

You can use the cards in nearly any country where Visa and Mastercard are accepted. Only a few countries have restrictions or limitations on using these cards.

Can a Foxycard virtual card be used to withdraw funds?

No, it cannot. Foxycard virtual cards are designed for online payments and account verifications but cannot be used to withdraw funds or be reloaded.

How do I apply for a virtual card?

Just purchase a Visa or Mastercard card from the Main Page of our website using the available payment methods.

I am looking for an anonymous payment method. How do you ensure the privacy of your VCCs?

When registering a Foxycard VCC, no identity verification is required, and you do not need to provide any documents confirming your name or address.

This allows you to make online payments anonymously by registering the card under any name, including nicknames or aliases, and any address (for CAD cards, any address in Canada is acceptable). Additionally, we offer the option to purchase our cards using anonymous payment methods, ensuring your personal data remains confidential even from Foxycard.

Can Foxycard be used for payments in Euro, Pounds, or other currencies?

Yes, absolutely! All cards can be used for payments in any currency. The USD will be automatically converted to the currency of your transaction.

Can the VCC be reloaded?

No, our cards are not reloadable. However, you can always purchase a new one if needed.

FOXYCARD

Does Foxycard card accept refunds from merchants?
